

The Reiki Facelift™

The Extraordinary Reiki FaceliftSM For Women and For Guys... That Really Works!

Want to KEEP your youthful,
attractive appearance?

Wish you STILL HAD your
youthful, attractive appearance?

Save a Fortune on Skin Care with this Reiki Energy-based,
non-surgical, non-medicinal, 15-minute Therapy!

The Reiki FaceliftSM Certification Workshop! July 24, 2005 11am to 5pm in Glen Ellyn

The Reiki Facelift™ is a non-surgical, non-medicinal, 15-minute therapy that uses Reiki Energy Balancing to erase the lines of stress and history, soften the influence of aging, and restore that youthful, healthy radiance. It is a **wonderful self-treatment** for individuals who have some training in basic energy work. For professional practitioners of Reiki, massage therapy, reflexology, and other related natural therapies, it is an **extraordinary luxury spa therapy** by itself or as an **“additional service” added to traditional therapies**.

It is **easy to learn, easy to use**, and following a few very simple guidelines, it is completely safe! By restoring the natural flow of energy in the face, neck, and critical energy centers using a unique application of the Reiki Energy (**you won't learn this in a Reiki class!**) and using some simple and creative facial exercises, you can **get visible results**.

This gentle and effective rejuvenating system was developed by Connie Vrenios in 2001. Her clients have **seen wrinkles and lines fade!** They've experienced their skin texture soften and the natural radiance return. Benefits started to appear in just a few minutes and continued to increase for **hours after** the 10-15 minute sessions were complete. Now, she wants to share her system with you, and **you can be certified in just one day!**
